Re: Jazz Photo Corp.
Case No. 03-26565 MS
Hearing: February 16, 2005

Dear Counsel:

Included in the record of yesterday's hearing, along with other cited and referenced sources, is the ITC Opinion on Enforcement Measures of January 24, 2005 (first page attached). As discussed, currently the Opinion is under restricted disclosure (though, per Mr. Rosenthal, about to become fully public). Please contact Mr. Rosenthal for status and a copy of same if not currently in your file.

Also note that the record-included Opinion of this Court of August 3, 2004 is now published at 312 B.R. 524.

Please be advised that the Court would consider a conference on business wind-down issues; parties in interest should confer as to advisability, scope and scheduling. The Court is available for preliminary discussion by conference call.

Very truly yours,

Morris Stern
United States Bankruptcy Judge

In the Matter of

CERTAIN LENS-FITTED FILM PACKAGES

Inv. No. 337-TA-406
Enforcement Proceeding (II)

OPINION ON ENFORCEMENT MEASURES

Introduction

On April 6, 2004, the presiding administrative law judge (ALJ) issued his Enforcement Initial Determination (EID) in the above-captioned proceedings in which he found that enforcement respondents Jazz Photo Corp. (Jazz), Jack Benun, and Anthony Cossentino (collectively, respondents) violated the general exclusion order and the cease and desist order issued to Jazz at the termination of Inv. No. 337-TA-406, *Certain Lens-Fitted Film Packages*. The ALJ ruled that each were each subject to civil penalty liability for violation of the cease and desist order. He then made recommendations regarding the penalty amounts that he found were warranted. He further declined a request by complainant Fuji Photo Film Co. Ltd. (complainant or Fuji) to recommend modification of the existing remedial orders.

Fuji, Jazz, Mr. Benun, and Mr. Cossentino timely filed petitions for review. All parties, including the investigative attorney (IA), filed responses. Based on the petitions and responses, and the record developed below, which fully supported the EID's violation findings (including
